SUPPORT GROUP**
Shoulder to Shoulder in Service

What Your Gifts To Our Ammo Can Campaigns Support

Spiritual Retreats for Christian Warriors – Lutheran Military Support Group designs these four-day retreats to provide support and encouragement to Combat Veterans and Military Couples who have been impacted by their combat experiences to include PTSD, anxiety, depression, and the spiritual effects of moral injuries. Each aspect of the Retreat is Christ-centered and addresses the spiritual, mental, and physical ramifications associated with combat. Financial assistance for travel is available to those who need it.

Scholarships & Grants – Lutheran Military Support Group recognizes that active-duty and prior service military personnel provide a unique perspective to our congregations and schools as called workers. Two scholarship opportunities exist within LMSG to support service members in their transition from the military to public ministry at our ELS and WELS called worker training institutions.

LMSG provides grants to WELS and ELS schools for projects to recognize Warriors in their communities. Another grant opportunity provides assistance to Christian Warriors who need support due to a local disaster, health concern, or sudden health concern.

LMSG reserves the right to use your gift where the need is greatest within the organization.
